

## **Soul-Centered Healing Founder Signs Book Contract**

September 19, 2012 – Toms River, NJ – Soul-Centered Healing announced that its founder, Anysia Kiel, signed a book contract with Llewellyn Worldwide Ltd. The book entitled *Discovering the Medium Within: Techniques and Stories From A Professional Psychic Medium* will be available in May of 2013.

According to Anysia Kiel, readers of the book can tangibly experience mediumship through the eyes, ears, emotions, and feelings of a professional psychic medium. The methods provided in the book guide readers in embracing their own abilities and communicating with loved ones in spirit. “I’m very excited about the book as I hope it will help open people to communicating with their own passed-on loved ones and friends,” said Kiel.

The book will be available in pre-sale for online bookstores in December 2012, though it won’t be officially delivered to customers until May 2013. The book will be provided in printed soft-cover format as well as e-book format. “I’m grateful to my publisher, Llewellyn Worldwide Ltd. for seeing the vision in my book and also stepping outside the box and publishing books which help elevate human consciousness,” said Kiel.

Anysia Kiel said that she will teach a mediumship development course that coordinates with the book launch next spring. Although the book provides a step-by-step guide to communicating with those in spirit form, the course will function as an additional tool to demonstrate the book’s methods.
